

IIC Workshop Report On,

1. Title: “Pitching Event for Ideas Scouted & linkage with Innovation Ambassadors for mentorship support”

2. Objective:

- To Create awareness about the Institute Innovative Council, among the BIET campus stockholders.
- To motivate the young minds towards the institution level of innovations.
- To guide and train the students in setting up goals.
- To mentor the buildup innovator’s ideas and set the context for challenges & opportunities.
- To motivate and understand the staff and students in reshaping their career as entrepreneurs and new start-ups.
- Guiding the students in pitching creative ideas & identifying their problems.

Benefits:

- The in-house stakeholders got the awareness about IIC formations, their functions, and supported activities for them innovative idea conversions.
- BIET staff and students members realized their future career scopes as an entrepreneur.
- Students got an idea how to pitch a creative idea and implement them in an effective way.

“Pitching Event for Ideas Scouted & linkage with Innovation Ambassadors for mentorship support”

The Institution Innovation Council (IIC) and Department of Computer Science and Engineering, Bharat Institute of Engineering and Technology (BIET), Mangalpally, Hyderabad jointly organized the on “Pitching Event for Ideas Scouted & linkage with Innovation Ambassadors for mentorship support” on 08.11.2021 in the BIET Campus.

5. About the Workshop

Shazia Anjum M.S, IIC member and Assistant Professor of CSE, BIET welcomed the gathering. Resource person Dr. Papiya Dutta, Convenor-IIC, and Associate Professor of ECE, BIET. Delivered a talk on “Pitching Event for Ideas Scouted & linkage with Innovation Ambassadors for mentorship support”, Which was very helpful for students to understand the importance of IIC establishment and they got an idea how to proceed with their ideas and also how to file patent.

The resource person, **Dr. K. Murugaperumal** , Associate Professor of EEE, BIET. Delivered a talk on **“Pitching Event for Ideas Scouted & linkage with Innovation Ambassadors for mentorship support”**. This lecture was very useful for students with innovative thinking and he provided lots of information regarding the Institute Innovation Council's (IIC) functions and supports to young minds. Further, he gave detailed explanation about invention versus innovation with real time entrepreneur examples.

The resource person, **Dr. Gayathrti**, Associate Professor of Chemistry Department, BIET. From her lecture, participants gained more knowledge about creative thinking towards Entrepreneurship career.

8. Profile of Speakers:

Dr. Gaddamanugu Gayatri M.Sc., Ph.D.
Associate Professor of Chemistry,
Bharat Institutions – Hyderabad
Phone: 09160509482 **E-mail:** g.gayatri@biet.ac.in

.....Dr. Gaddamanugu Gayatri, Associate Professor in Department of Chemistry, Sciences and Humanities, Bharat Institutions, Hyderabad. After completing masters of science from Osmania University in the year of 2001, she joined for her doctoral research in Indian Institute of Chemical Technology, Hyderabad, and completed her PhD under the guidance of Dr G Narahari Sastry (presently Director, CSIR-NEIST).

She has more than 15 years of teaching and research experience. Her research interests include theoretical and computational organic chemistry, computer aided molecular design and chemoinformatics. She has published more than 27 publications in national and international journals and conferences. These publications received over 392 citations, with an h-index of 14. Dr Gayatri received funding as a DST Fast track young scientist in 2012 and travel grants from DST as well as CSIR. She was a visiting researcher at IMS, Japan in 2010. She is an IEEE member, life member of- Indian Science Congress, Chemical Research Society of India (CRSI) and Association of Chemistry Teachers (ACT). Presently she is playing her role as Institute Innovation Council- Campus ambassador in Bharat Institute of Engineering and Technology, Hyderabad.

Dr. Papiya Dutta M.Tech (Honors), Ph.D.
IIC President & Associate Professor
Electronics & Communication Deptt
Bharat Institutions – Hyderabad
Phone: 09827587253 **E-mail:** papiyadutta@biet.ac.in

Dr. Papiya Dutta, Associate Professor in Department of Electronics and Communication, Bharat Institutions, Hyderabad. She has completed her B.Tech in 2001 from RGPV Bhopal and M.Tech in Digital Communication in 2008 from RGPV Bhopal. She has completed her PhD from Rabindranath Tagore University Bhopal in the research area of Cognitive Radio. She has qualified GATE Examination in 2001 with All India Rank of 1087.

She has more than 17 years of teaching and research experience. Her research work is in the area of Cognitive Radio, Internet of Things, Machine Learning and Artificial Intelligence. She has published more than 36 publications in national and international journals and conferences. Dr Dutta has received funding of 16 lakhs from AICTE for her research work in Cognitive radio under RPS Scheme. She has received Best Faculty Award by SISTEC in 2016, Award for contribution to student development by Kites Craft Foundation in 2020. Presently she is working on Projects sanctioned by AICTE under SPICE programme and ISTE AICTE Refresher Course Program. She has also visited Singapore in 2016 and

Malaysia in 2018 for presenting her research paper in IEEE International Conference. She is a life member of ISTE and Graduate member of IEEE. Presently she is playing her role as Institute Innovation Council- Campus ambassador and IIC Vice President in Bharat Institute of Engineering and Technology, Hyderabad.

Dr. K. MURUGA PERUMAL M.Tech., Ph.D.
Associate Professor in faculty of Engineering,
Bharat Institutions – Hyderabad
Phone: 0091 – 99448 40062 **E-mail:** murugae@gmail.com

Dr. Murugaperumal Krishnamoorthy, Associate Professor in Department of Electrical and Electronics Engineering, Bharat Institutions, Hyderabad. He has completed his bachelor of engineering from Anna University in the year of 2006. Master of Technology in High voltage engineering from Jawaharlal Nehru Technological University, Kakinada in the year 2012. And done his research, in the field of hybrid renewable energy-based rural area sustainability from Pondicherry central university. He is a certified Industrial safety manager, noted Project management administrator, and library software developer.

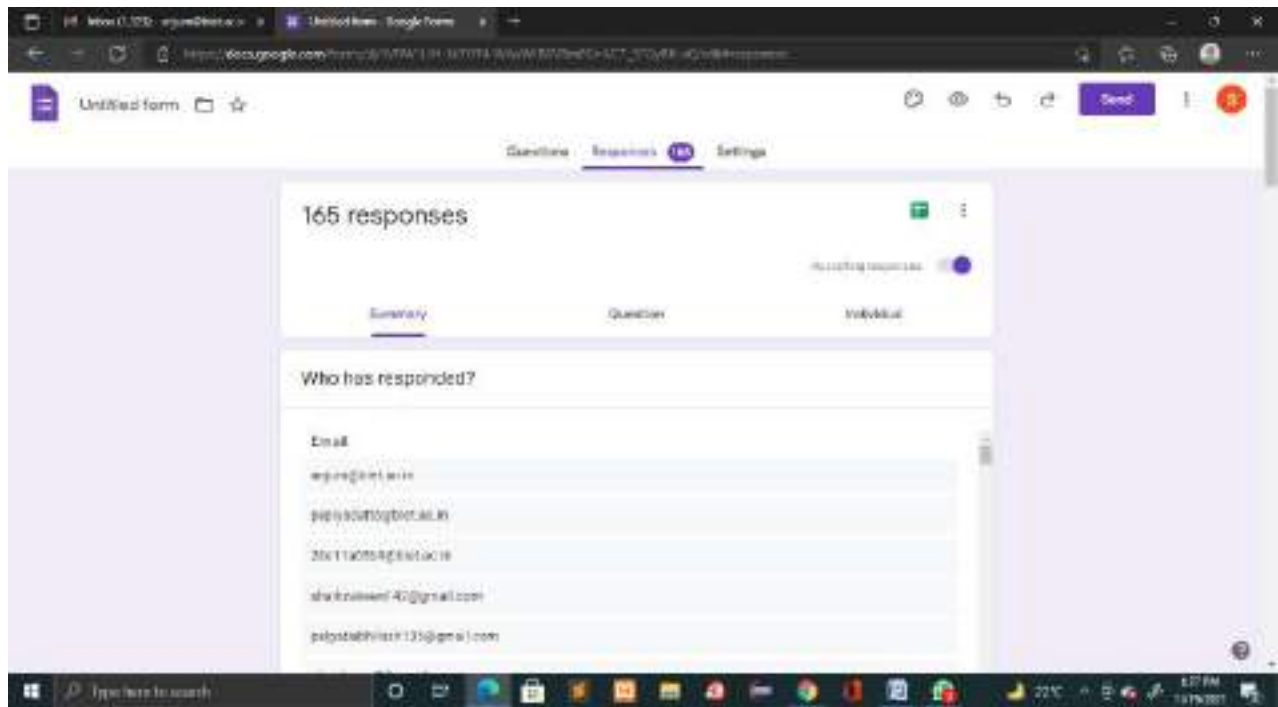

Having more than 14 years of teaching experience and published many articles in the field of, high voltage engineering, hybrid renewable energy system optimizations, demand-side managements, micro, and smart grid design technologies.

Design and development of hybrid solar, wind, and biomass-based energy management system for Korkadu village in UT of Pondicherry has got the appreciation and financial support from DSTE of Puducherry. As an entrepreneur, he has proved his innovation capability in the leading sectors as the printing & packing industries and rural-owned service providers. At present, he is playing his role as Institute Innovation Council- Campus ambassador in Bharat institute of engineering and technology, Hyderabad.

5.About the Workshop:

The Institution Innovation Council (IIC) and Department of Electronics and Communication Engineering, Bharat Institute of Engineering and Technology (BIET), Mangalpally, Hyderabad jointly organized the **workshop on “My Story Motivational Session by Successful Innovator”** on Thursday 11th Nov 2021 in the college auditorium.

Dr. Papiya Dutta, IIC Vice president and Associate Professor of ECE, BIET, welcomed the resource person and the gathering. **Dr Shahnaz K V**, IIC Convenor and Associate Professor ECE, BIET, introduced the resource person **Mr. Sai Prashanth Mallelu**, who is working as the Block Chain Developer at Tech Mahindra, Hyderabad, explained how he is successfully Contributing as a Chair – IEEE, Chair - IEEE Computer Society Chapter , Chair - IEEE Educational Society Chapter and SAC member and how he was able to win various awards in this regard. This talk was very useful for the students as speaker emphasized on the challenges and risks faced to achieve goals in his early ages.

Dr Papiya Dutta proposed vote of thanks. A total of 108 persons across platforms from both UG and PG courses, research scholars, staff members of BIET participated in this expert talk.

WHEELCHAIR WITH A PATIENT

ABSTRACT

In this project, we will be designing a multifunctional wheel chair capable of being converted to a stretcher so as to arrange for beds in case of sudden emergency.

IMPROVEMENTS

The project can have the following improvements for better functionality :

1. Inserting a foldable stand for saltwater bottles.
2. Using a lever mechanism for the patient to adjust the wheel chair posture as desired.
3. Providing a slot option for portion 1.

Title:
**SPRAY
PAINTING
DRONE**

**Why SPRAY PAINTING DRONE
FIRE FIGHTER DRONE ARE
important:**

- It prevents loss of life due to accidents
- Completes job very quickly
- Less workers required
- Not only heights it can be used at ground level also
- Very cheap operating cost due to it is electric
- Quick action
- Can pass through narrow spaces

Problem Identified:

NO 1

- Wall painting is cool and easy job to perform if work is in comfortable zone like inside room or in ground floor
- But if painting is to be carried out at heights like 6th floor
- then it is going to be a challenging job and also dangerous to worker

REPORT

1.Title:Workshop on “Building Institute Level YUKTI - National Innovation Repository (NIR)”

Date: NOV 26th , 2021 At 3:10 PM

2. Objective:

To organize a motivational session for the students and encourage them for an Entrepreneurship career by successful entrepreneurs. To enrich students with idea generation and implementation to their Start-up idea .Motivate and show case the students about their own idea to overcome challenges and set targeted goals.

5.About the Workshop:

The Institution Innovation Council (IIC) and Department of Electronics and Communication Engineering, Bharat Institute of Engineering and Technology (BIET), Mangalpally, Hyderabad jointly organized the **Workshop on “Start-up: Developing Online Repository of Ideas Developed and Way forward plan”** on 26th November 2021 in offline mode (Physical) . Total Seven BIET CSE & IT Students are participants and 84 student and faculty are attended the workshop in offline.. **Dr.Papiya Dutta**, IIC Vice president and Associate Professor of ECE, BIET, welcomed the students and the gathering. **Dr.Anil Kumar Sahu**, IIC Convenor and Associate Professor ECE, BIET, call all the student participant. The student presentation was very useful for the others students as speaker emphasized on the challenges and risks which are generally faced by anybody to open the start-up. **Dr Papiya Dutta** proposed vote of thanks. A total of **84** persons across platforms from both UG and PG courses, research scholars, staff members of BIET participated in this Best startup Idea presentations .

AUTO OVER SPEED RESTRICTION SYSTEM

Working :-

Problem Statement:-

- The main concern of the modern automotive industry is passenger safety and accidents due to over speed is one of the problems for the roadside people .

Title:
**SPRAY
PAINTING
DRONE**

**Why SPRAY PAINTING DRONE
FIRE FIGHTER DRONE ARE
important:**

- It prevents loss of life due to accidents
- Completes job very quickly
- Less workers required
- Not only heights it can be used at ground level also
- Very cheap operating cost due to it is electric
- Quick action
- Can pass through narrow spaces

Problem Identified:

NO 1

- Wall painting is cool and easy job to perform if work is in comfortable zone like inside room or in ground floor
- But if painting is to be carried out at heights like 6th floor
- then it is going to be challenging job and also dangerous to worker

5. Start-Up Idea

REPORT

1. Title: Exposure and field visit for problem identification

2. Objective:

The faculty and student members enable to identifying problem on the field through suitable industrial/field visit. From the visit they gathered the statements of different real time challenges, such as process mitigations, quality and performance improvements etc.

5. About the Field visit:

The Institution Innovation Council (IIC) and Department of Electrical and Electronics Engineering , Bharat Institute of Engineering and Technology (BIET), Mangalpally, Hyderabad jointly organized **the “Exposure and field visit for problem identification” on 27th November ,2021 to Solar power plant ,Mahindra TEQO , Jadcherla.**

The main intention of this field visit is to identify the problem issues with excising 10 MW solar power plant for further business development scope. Nearly 103 student members has shown interest to visit the plant through them registration process. At the end of the scrutiny process,36 no's of student members and 3 faculty members started in BIET campus at 6:30 PM on 27th November, 2021 by college bus. Reached solar plant at 10:30 AM, we **take 3 hours to visit the complete plants.**

Ending of visit the discussion section has arranged with plant chief in charge **Er. Ahmad**(who having more than 7 years of field experience). Our IIC members were clarified them droughts in terms of future **scope of solar based power generations**, and **suitable business model** for them spark of start-ups.

6. Identified field problems:

The following problem issues has identified at the end of them visit:

- i) **Safety and protective issues** related with large scale solar based energy generations.
- ii) There is **huge supply demand available** in the solar components protection **fuses manufacturing process**.
- iii) The **novel design need** for different solar based applications, such as **solar panel efficiency improvements, boosting the MPPT technology, Hybrid solar wind configurations, operation and maintenance skill training requirements** etc.
- iv) **Control and monitoring software** developments.
- v) **Re-skilling and intern opportunity** of solar based power generations.

The visit coordinators **Dr. K Murugaperumal and Mr . K Srinivas Rao** has shown them loyal to the solar company personal regarding this visit coordination, approval process and successful completions.

9. Brief Profile of company:

Mytrah Energy is one of India's largest Independent Power Producers with a well-diversified renewable energy portfolio. The company has over 1300 MW of operational wind assets and over 500 MW of operational ground monitored solar assets spread across 9 states in India. Mytrah's market knowledge, domain expertise, access to international capital and extensive relationships with vendors & lenders has enabled it to build & hold a strong foothold in the high-value, rapidly growing Indian energy market. As a Smart Utility company, Mytrah leverages its robust end-to-end capabilities in generating renewable energy for its projects in India. Renewables are redefining the dynamics of the energy sector in India. MYTRAH Energy is at the forefront of this movement. An industry leader with a robust **10-year old platform**, PAN India presence and a portfolio of over **1.8 GW of operational assets** (wind and ground monitored solar), Mytrah is recognized as a pioneer of the Indian Renewable Energy sector. The highly-skilled professionals execute and maintain projects and provide superior customer experience to clients in over 10 Indian states. Mytrah has an international **team of over 400 people with extensive experience**.

REPORT

1.Title: Workshop on “Design Thinking, Critical Thinking and Innovation Design”

2. Objective:

To organize a motivational session for the students and encourage them towards critical thinking and innovation design in AI and acquire a good AI career by successful AI experts. To enrich students with idea generation and implementation. Motivate and prepare the students to overcome natural challenges in AI design and set targeted goals.

5.About the Workshop:

The Institution Innovation Council (IIC) at Bharat Institute of Engineering and Technology (BIET), Mangalpally, Hyderabad organized the **Workshop on “Design Thinking, Critical Thinking and Innovation Design in AI”** on 08th January 2022 in online mode. Many BIET CSE, IT, ECE & EEE Students and other college participants attended the workshop in online mode. Many faculty from BIET also have attended the workshop via video conferencing mode in the college. **Dr. Satish Babu**, Dean Academics at BIET, **Dr. Ch. Naga Prasad**, College Admin Incharge and **Dr. Papiya Dutta**, IIC Vice president welcomed the resource person and the gathering. **Ms. Shazia Anjum**, Assistant Professor in CSE, BIET, introduced the resource person **Mr. Madhu Vadlamani**, who is working as the Deputy Manager at Deloitte, Hyderabad. Mr.Madhu Vadlamani is a results driven professional with 10+ years of progressively responsible experience in Data Analysis, Design, Implementation, Administration and Support of Business Intelligence, OLTP (Batch Processing, Online Processing), OLAP, ETL, Data warehousing, Data mining, DBMS. This talk was very useful for the students as speaker emphasized on the advantages, applications and challenges that the innovation design in AI gives rise to. **Dr N. Srihari Rao**, IIC Convenor proposed vote of thanks. A total of 150 persons from both UG and PG courses, research scholars, staff members of BIET participated in this expert talk during the workshop.

The main screen displays a presentation slide titled "fkc-dqqa-diq" with a red "REC" button in the top left. The slide content includes the text "deSIGN thinkiNG" and "Thoughts + Applicability = REALITY". Below this, it says "My note on DESIGN THINKING" and lists several bullet points. The right sidebar shows a grid of participants: "madhu" (top left), "You" (top right), "Shazia" (bottom left, with a red 'S' icon), and "sl 49 others" (bottom right, with a blue 'C' icon). At the bottom, there is a navigation bar with icons for call, video, mute, hand raise, and a menu.

A second screenshot of the same Zoom mobile app interface, taken at 11:48. The presentation slide now shows a colorful umbrella and a diagram of a person standing under it. The text on the slide is partially obscured but includes "This is a simple diagram" and "The diagram shows the relationship between the person and the umbrella". The participant list on the right remains the same, with "madhu", "You", "Shazia", and "20-45 others". The bottom navigation bar is identical to the first screenshot.

The most burning word since few years... but not now too soon. So what is design thinking — what are design thinkers — why should we adopt it??

qa-diq

What is Artificial Intelligence — Creating an intelligence or a system which is artificial. The one which looks like a human or an artificial system, which main purpose is to automate/predict using the help of the data.

Three Kinds of Fit

You should always be striving to achieve three kinds of fit before you begin any tasks related to execution: Problem-Solution Fit, Product-Market Fit, and Business Model Fit. Achieving these three kinds of fit will help you minimize the risk of failure.

Product market fit occurs when people have evidence that your position is actually creating value for customers by solving pains and retrieving gains to them. Determine your targeting customer. Be buyer personality. Create prototypes and protocols. Identify underserved customer needs and act accordingly.

5. About the Workshop:

The Institution Innovation Council (IIC), Bharat Institute of Engineering and Technology (BIET), Mangalpally, Hyderabad organized has organized the Pitching event for POCs developed & linkage with innovation ambassadors for mentorship support" on 23rd February 2022 in physical mode. With permission of **Hon’ble Chairman Sir**, students from different branches CSE, IT, CSM, ECE, Data science and other college participants were attended the session physical mode at **Atal Innovation Council, CCMB-Hyderabad**. Along with students, Dr. Papiya Dutta, IIC Vice president, Dr. Lagen Kumar Pradhan, Dr. Anup Dey and Mrs. Sudipta Ghosh were participated in the session. During the session, many experts from AIC-CCMB discussed on the student innovation program, mission & vision of the organization, different processes involved from innovative idea to market product. Also, they encourage to the students how to become an entrepreneur in an early stage. The various incentives are available from the Govts as well as industries to carry forward the innovative ideas. Students are also asked different questions to the experts on innovation and start up. Overall, students were motivated and learnt about the role of innovation and entrepreneurship in the society for the sustainable growth and development of the country. A total of selected 40 students from each section and 4 faculties members were participated in the industrial visit to AIC-CCMB, Hyderabad.

8. Brief Profile of Speaker:

Dr. Pallela is placed as Chief Operating Officer (COO) at Atal Incubation Centre of CCMB (AIC-CCMB), Hyderabad, since June 2018. Prior to this position he served as Chief Manager, Grants Management Division of IKP Knowledge Park (2014-2018). Being a Program Manager, he was more specifically engaged in Biotechnology Ignition Grant (BIG) scheme of Biotechnology Industry Research Assistance Council (BIRAC). His career at IKP has involved igniting scientific brains through meetings and personal interactions, inspiring proposals for start-up grants and mediating the process with BIRAC through IKP. His association with DBT started since his previous engagement as a Research Scientist/Project Manager at DBT-ICGEB centre for advanced bioenergy research, ICGEB, New Delhi. With a Ph.D. from Osmania University [CSIR-IICT as pedestal workstation], Hyderabad, Dr. Pallela has engaged in high quality research during his postdoctoral stay at South Korea spanning from 2009-2012. He started working towards transplanting his scientific acumen into management roles with a P.G. Diploma in Patent's Law from the National Academy of Legal Studies and Research (NALSAR) University, Hyderabad, India in 2005 and strengthened it with an MBA degree from Pondicherry University in 2014. Accolades in his scientific excellence is marked with more than 40 research publications in varied national and international journals/books.

5. About the Workshop:

The Institution Innovation Council (IIC), Bharat Institute of Engineering and Technology (BIET), Mangalpally, Hyderabad organized has been organized the National Science day-2022 on 28th February 2022 in Physical mode. Students from different branches CSE, IT, CSM, ECE, IT, DS, were attended in the NSD-2022 celebration. Many faculties from BIET were also attended the same. Various events such as Science quiz competition, poster presentation, student presentation (PPT mode) were conducted to encourage the students and share the knowledge on science and Technology. Few events (Quiz competition, poster presentation) are conducted before the NSD-2022 to manage the time on that day.

Prof. G. Kumaraswamy Rao, Director (R &D), BIET was invited as a speaker and talked about the “**Science and Technology in DRDO**”. Finally, prize and certificates were distributed to winner students with the presence of **Dr. Ch. Naga Prasad**, Principal, College Admin Incharge, BIET. A total of 85 persons from both UG and PG courses, students, research scholars, staff members of BIET participated in the celebration of NSD-2022.

8. Brief Profile of Speaker:

Prof. G. Kumaraswamy Rao served DRDO for 36 years in various capacities as Scientist and retired as Director & Outstanding Scientist of Defence Electronics Research Lab (DLRL) an EW Lab under DRDO. Under the guidance of Dr.APJ Abdul Kalam the father of missiles, Prof. Rao developed the Ground Guidance radar system for India's first short range surface to air missile weapon system Trishul. As the Program Director for Integrated EW systems, he executed and guided successfully the mega projects Samyukta, Sangraha, & Divyadrishi which resulted in productionisation of indigenous equipment costing more than Rs.5000 crores. The developed systems are in operation in Indian Army, Navy & Signal Intelligence Directorate. In recognition of the contributions as director DLRL he received the Best Performance Lab Award from Dr.Manmohan singh Hon'ble Prime minister of India in 2005 at Vignan Bhavan New Delhi.

3. No. of Faculty participants and students participants (as per Registrations) :

Faculty: 25

Students: 110

Total Participation: 135

4. Objective:

- To create awareness about the Institute Innovative Council, among the BIET campus stockholders.
- To discuss prototype, design, process and development for business model/process/services.
- To understand the staff and students members reshaping of their career as entrepreneurs and new start-ups.
- To motivate the young minds towards the institution level of innovations

Benefits:

- This competition facilitated the participants in many ways like honing their entrepreneurial and innovative skills, experience in creating a business model and writing a business plan, opportunity to sharpen organizational and communication skills etc.
- Students were so enthusiastic and they have actively participated in business model competition.
- The students were motivated enough to understand and apply the business canvas model.
- Students were able to show case their ideas in a more organized and fruitful manner.

REPORT

“Innovative Ideas and Model Presentations (IIMP-2022)”

The Institution Innovation Council (IIC) and all departments of Bharat Institute of Engineering and Technology (BIET), Mangalpally, Hyderabad jointly organized the “Innovative Ideas and Model Presentations (IIMP-2022)” using Google Meet. The activity was conducted as online competition among all the students of Technology and Management on 21 st March 2022. During the activity all the registered students (List attached) presented their Innovative Ideas and Model in an interactive session with Judges and audience.

Dr. Papiya Dutta, Convener-IIMP, and Associate Professor of ECE, BIET, along with two more convener Dr. Anil Kumar Sahu and Dr. Neeraj Kumar Misra welcomed the panel of 2 judges namely **Dr Rohin Koduri**, Scientist F DRDL and Dr G. Kumaraswamy Rao, Former Director DLRL and coordinator of the event addressed the gathering and briefed about the competition pattern and prizes. **15** teams from all departments (CSE, ECE, EEE, Mech., Civil and MBA) of BIET participated in the competition.

Summary of the Event :

The session was started by Udyan Maurya by introducing the speaker Prof. V. Kamakoti, Director, IIT Madras and welcome address by Dipan Sahu, Director MoE's innovation cell. Prof. V. Kamakoti, Director had started the session with lots of stories and practical examples to highlight the facts about innovative thinking. The presentation has given an insight about how unknowing we innovate in our real and daily life. We are using the mathematics as well as logical reasoning in our real life but we are not conscious about it. The presentation tells us about the practical approach which is not at all alien to us as we are already applying most of it in our real life without awareness. The session also introduces about the new course designed at different levels for the school students which going to help them inculcate the innovative thinking at the various ground level. The courses have been designed as per the suitability of the students at various level of education. At the end various queries, were taken in the form of questions from the live audiences. They have lot of queries regarding the curriculum and the content. It has been answered by the speaker in a best possible way. The session concluded giving us insights about the practical innovative thinking which we can use at any level of education and work. It has been a very nice and informative session and I like to thank the speaker and the organizer of the event.
